

CC Meeting September 11, 1995

Members Present Muriel Lazzarini, Ray Tryon, Connie Ohman, Richard Nault, Chris Blair, Howard Burns

The Chair opened the meeting at 7:07 with the reading of the Notice of Public Meeting for Karl and Shirley Quisenberry. No one was present to represent the applicants. Connie Oman inspected the project. They will install staked hay bales all around the project. The Determination was N3.

Paul Carnese

He explained the problem with a dock that was erected by Eleanor Brooks. He will keep the commission posted.

Gould Farm The chair opened the hearing at 7:30 p.m. with the reading of the public hearing notice. Mark Makuc represented Gould Farm. The project is a small fire/farm pond. The commission approved the project and wrote the Order of Conditions. The members agreed to issue an emergency certificate for the project to proceed during the appeal period because of the extremely high fire danger. The project is within the tornado damaged area.

The chair read a letter from the Board of Selectmen requesting that Lake Garfield not be drawn down. The Conservation Commission is concerned that there might be a recharge problem with the lake. If the situation reverses, then it will be monitored to prevent flooding

A letter will be sent to filers who were waiting for the lake drawdown to complete a project explaining that the lake will not be drawn down this year.

The minutes of the August meeting were approved.

Assignments will be updated in Alpha4.

The members reaffirmed the emergency status.

Meeting adjourned 9:00
